

W.I.N.: What I Need

Every student starts their day winning at Eliot! Students engage in W.I.N. class (What I Need) from 8:30-9:30 daily. Students engage in activities that they need to accelerate their learning. Students learn in teacher facilitated small groups. They also build independence as they engage with various blended learning platforms: Lexia, ThinkCERCA, ST Math, and ALEKS.

W.I.N. was designed with three essential goals in mind.

W.I.N. fosters students' independent learning habits. Students create goals, monitor progress towards their goals, and make decisions about their daily learning path.

W.I.N. provides a unique opportunity for teachers to engage in small group instruction with your child. This is a special time in which students get the instruction they need to move from good to great.

W.I.N. is a special time for students to show what they know! Students work on various instructional platforms to practice important critical thinking skills.
